Introducing **OUR STORY**

Hi! I'm Rupall Syal, Founder of Decorte' and a mom to my precious son. Crafting has always been a constant in my life since young. I would relax by crafting and indulging in all things handmade and art. Personalized and customized gifting was introduced into this business in 2023. Before that, I decided to make birthday return favors for my baby's 1st Birthday, and all were in love! They were asking so many questions about it. They encouraged me to make a business out of this and the following year, I did just that. Since then, I've been busy curating gift boxes which contain premium hand selected items bearing my personalised handmade art and beautifully packaging them into farewell gifts, client thank you gifts, birthday gifts, teacher's day gifts, bridesmaids proposal gifts and newborn baby gifts. These are made for mothers, parents, brides-to-be, working professionals, colleagues, bosses - anyone who wants specially handmade customised gift boxes that they cannot find elsewhere for their family and friends.
